

1800+ Emails for Job Openings posted in December-2025

How these Emails can help? Many of the Job posters are HRs and Recruiters – who keep hiring for multiple positions on any day. So, it might be worth to send them Email applications in case they (or their team) are hiring for QA-Testing positions.

- **Beware:** Don't send bulk emails - It is marked as SPAM + high chance your Email ID can be BLOCKED by the provider.
- **Do not** send emails in Bcc - it is marked as SPAM and sent to Spam folder.
- **Suggestion:** Send Email to 10 IDs. Repeat 4/5 times. I.e., no more than 50 emails a day.
- **Note:** Few Email IDs might be invalid or paid model - ignore the bounce back email.
